Property Description

RARE ranch with 3 car & finished basement space in SW Parker neighborhood: Parker Homestead. There currently are no other houses for sale in this neighborhood! Great location not far from the city, short driving distance west to I-25 or east into downtown Parker.. The open concept living with high ceilings make this home feel even larger! The master bedroom is spacious with attached 5 piece master bath and walk-in closet. The basement was permitted and most of the space finished, some left for storage. There is a large rec room and additional bedroom and bathroom in basement. The Kitchen is ready for you with stainless appliances, a gas stove, and stainless sink under granite counters. The sliding glass door leads you to the perfect size concrete patio - easy maintenance! There is also a gas hookup for your grill! Owners had electrical upgraded to accommodate a hot tub!. See it today before it's gone!
